GLUETEC GROUP
ADHESIVE & HYGIENE EXPERTS.

GLUETEC GROUP

MORE THAN ADHESIVES. ADHESIVE EXPERTISE.

GLUETEC GROUP – Your partner for specialized chemical and technical solutions

For more than 25 years, the GLUETEC GROUP has represented high-performance products and extensive adhesive expertise in the B2B sector. At its facilities in Germany and Poland, the company develops and manufactures premium adhesives and sealants, technical cleaners, and hygiene products for industry, handcraft and commerce.
The emphasis is on user-friendly, secure, and practical solutions that enhance process efficiency. Alongside a comprehensive standard product range, the swift execution of customized requirements - from development to the final product - represents a notable strength.
As a comprehensive service provider, GLUETEC assists its clients throughout the entire value chain: with expertise, adaptability and collaboration.

YOUR ADVANTAGES SUMMARIZED

- More than 25 years of experience in specialty chemical-technical products.
- Exceptional adaptability for tailored solutions and specialized applications.
- Private label, contract bottling, and tailored concepts
- Emphasize quality, usability, and workplace safety.

COMPREHENSIVE SERVICE FROM A SINGULAR SOURCE

GLUETEC designs, manufactures, and provides solutions for challenging applications in production, maintenance, and repair.

- Individual formulation development
- Swift adaptation of standard products
- Private Label and Proprietary Brand Concepts
- Contract fulfillment, packaging, and logistics

Particularly in specialized applications, GLUETEC provides customized solutions where standards are insufficient.
