

THE CLEANING EXPERTS.

## WIKO® POWER CLEANER

STRONG AGAINST DIRT - GENTLE ON SURFACES.

Professional foam cleaners for industrial applications and vehicle care.

## Foam-active high-performance cleaners for brilliant results.

With WIKO® POWER cleaning products, you can remove even stubborn dirt reliably and efficiently. The high-quality, foam-active concentrates can be individually adjusted to the degree of soiling by diluting them with water. They can be used both mechanically - e.g. with a foam gun or high-pressure cleaner - and manually using a bucket and sponge. WIKO® POWER cleaners are available in 5 litre canisters and 20 litre canisters.

### WIKO® POWER INDUSTRIAL CLEANER - alkaline high-performance concentrate for versatile applications

WIKO® POWER INDUSTRIAL CLEANER is a highly effective, alkaline cleaning concentrate for the intensive removal of industrial soiling. Ideally suited for heavily used floors, machines, systems and commercial vehicles.

### WIKO® POWER EFFECT FOAM - premium cleaner for vehicle care with a gloss and protective effect

Der WIKO® POWER EFFECT FOAM is a powerful cleaning concentrate with an integrated care component. The innovative formulation ensures thorough, streak-free cleaning and gives the surface a brilliant shine and a water-repellent beading effect - based on the proven Lotus principle.

### WIKO® POWER INDUSTRIAL CLEANER
